Section 4. Bond Fund and Provision for Tax Levy Payments. There has previously been established a fund of the City known as the “Limited Tax General Obligation Bond Redemption Fund” (the “Bond Fund”) which is used to pay debt service on all outstanding limited tax general obligation bonds of the City, including the Bond.

On or prior to each date on which a payment of principal and/or interest is due on the Bond, the City will deposit an amount into the Bond Fund sufficient to pay such principal and/or interest.

The City hereby irrevocably covenants for as long as the Bond is outstanding and unpaid, that each year it will include in its budget and levy an *ad valorem* tax, within and as a part of the tax millage levy permitted to cities without a vote of the people, upon all the property within the City subject to taxation in an amount which will be sufficient, together with all other funds of the City which may legally be used and which the City may apply for such purposes, to pay the principal of and interest on the Bond as the same shall become due. Money in the Bond Fund not needed to pay the interest or principal next coming due may temporarily be deposited in such institutions or invested in such obligations as may be lawful for the investment of City money. Any interests or profit from the investment of such money shall be deposited in the Bond Fund.

The City hereby irrevocably pledges that a sufficient portion of each annual levy to be levied and collected by the City prior to the full payment of the principal of and interest on the Bond will be and is hereby irrevocably set aside, pledged and appropriated for the payment of the principal of and interest on the Bond. For purposes of this paragraph, the Bank shall be deemed to have funded the purchase of the Bond by a matching deposit or other borrowing in the applicable interbank market, whether or not the purchase of the

Bond was in fact so funded. In no case shall a prepayment fee apply if the Bank's internally derived cost of funds is higher on the date of prepayment than it was on the date the fixed rate of the Bond was set.

If there occurs (a) any nonpayment of principal, interest, fees or other amounts when due, or (b) any failure to maintain the tax-exempt status of the Bond, the Bank may increase the interest rate payable on the Bond by two (2.0) percentage points.
